## MORE THAN 13 HOURS OF ZOMBIE FILMS

**DAY OF THE UNDEAD**  
4TH UK FESTIVAL OF ZOMBIE CULTURE

Bigger, better, bloodier than its previous outings, the UK's unique Festival of Zombie Culture comes on strong with a final line-up of gore-blimey shockers, so come dressed (as the living dead) to impress... and be ready to be afraid... very afraid...

Each Film will be introduced by Terror4fun's own 'Zombie Ed' and most will be opened with an appropriately gory or insane short film just to wet the appetite for the feature presentation.

### Living Dead at the Manchester Morgue

Dir: Jorge Grau. Spain 1974, 1hr 33mins, 18

#### 12 noon

Considered by many to be the classic Euro Zombie Film, the Spanish director makes this UK filmed movie truly terrifying... Cops chase a pair of hippies suspected of a series of Manson family-like murders, unknown to him, the real culprits are the living dead, brought to life with a thirst for human flesh by meddling scientists and the local farmers. 'One of the Best Zombie Films EVER made' DVD Drive-In

### Zombie Shorts followed by Zomblies

#### 2.15pm

Some British Zombie short films will lead the way to only the 2<sup>nd</sup> screening of Zomblies. These shorts include 'E'Gad Zombies' a beautiful 20 minute undead period piece featuring the talents of *Sir Ian McKellan*.

### Zomblies (with Directors Intro)

Dir: David M Reynolds. UK 2010, 50 minutes, 18

When a private militia's rookie zombie hunters send out a distress call, it's up to the Rangers to cross The Wall and bring them back, as well as uncover the truth about a terrifying new breed of zombie. Bewitched mill-workers, shambling corpses and rage-fuelled mobs, Zomblies continues the rich zombie film making tradition with this British balls-to-the-wall film spectacular!

### Devils Playground (with Producers Intro)

Dir: Mark McQueen. UK 2010, 1hr 33mins, 18

#### 4.15pm

As the world succumbs to a zombie apocalypse, Cole - a hardened mercenary, is chasing the one person who

can provide a cure. Not only to the plague but to Cole's own incumbent destiny. This is a cutting edge British horror film that features zombies portrayed by free runners for a terrifyingly unique representation of the undead. Stars Danny Dyer (Doghouse, Severance), Craig Fairbrass (Far Cry, Dead Cert) and Jaime Murray (Hustle, Dexter)

### Reel Zombies

Dir: Mike Masters and David J. Francis. US 2009, 1hr 29mins, 18

#### 7pm

The Zombie Film makers behind the unsuccessful movies *Zombie Night 1* and *2*, set about to complete their trilogy, using the real zombies that have taken over much of the world. With a documentary film maker following them all the way, they embark on the production of their masterpiece only to discover, shooting in a post-apocalyptic world offers many new and, of course, deadly challenges.

"Fresh and funny" – Fangoria Magazine

### Dellamorte Dellamore

Dir: Michel Soavi. Italy 1996, 1hr 39mins, subtitled, 18

#### 9.15pm

In Italian *dellamore* means "of love" and *dellamorte* means "of death" and this truly breath-taking film starring Rupert Everett takes this to another level... His duties looking after a cemetery means he must kill the dead a 2<sup>nd</sup> time to prevent them rising again but this is intertwined with his constantly re-incarnated lover simply adds to his mounting problems...

### Zombies of Mass Destruction

Dir: Kevin Hemdani. USA 2009, 1hr 27mins, 18

#### 11.30pm

Facing the living dead are a small American town, consisting of homophobes, xenophobes and plenty more 'phobes' besides and trying to save the town are of course what you would expect... The closeted small town man and his pushy boyfriend, the Muslim family, the environmentalist, so they must band together, fight through the gore and then face bigotry and the living dead in order to survive...

Those folks at Redbubble are sorting us out with what must be a world first, Yes, I know it's a calendar and Yes, I know its got zombies on it...

But Zombie Librarians, this must be a first...

in the modern Library, and features the zombie-makeup of Zaen Kreecha. RedBubble calendars are printed on a luscious 200gsm satin art paper at the striking size of A3. They also have very handy wire binding so you can hang them from things like 'hooks' on exciting places like 'walls'. You can select your own start month, and order right into the future. Forget paintball, at Zomball you get to shoot zombies with a dirty great stun gun. It's a game that is literally more than life or death.

After breaking the golden rule of Zomball - "never humiliate a zombie" - it becomes a fight for survival as the truth about the new world order is revealed and suddenly the mother-in-law is the least of Dean's problems...

Stag Night of the Dead is a zom-com in the tradition of Shaun of the Dead with a little bit of American Pie thrown in for good measure and features zombies, sex, big guns, a giant, a dwarf and cinema's first cycling zombie.

Starring Sebastian Street, Sophie Lovell Anderson, Bruce Lawrence, Rez Kempton, Joe Rainbow, James G Fain, Doug Grant, Jeff Rudom and Mike Busson.

## ZOMBIE TOOLS

Once in a while you will find a website that you like, sometimes there will be website that scares you and very rarely you find one that is so out there and yet so awesome you just love it straight away and want what it sells...

Such a site can be found at <http://zombietools.net/> and this is what they have to say...

So what do you guys do?

We are swordsmen and metalsmiths who create blades, and soon, other gear, that will increase your odds of surviving a zombie apocalypse.

Are you serious?!  
Deadly.

You really think there's going to be a zombie apocalypse?

We don't put it outside the realm of possibility. The esteemed researchers at Cracked found [5 Scientific Reasons the Zombie Apocalypse Could Actually Happen](#). Beyond zombies, there's no shortage of speculation these days that our culture lives just a good shock or two away from some serious destabilization. Pandemic, natural disaster, economic collapse, political upheaval—all have the potential to turn our world on its head and put you in a situation where your survival is in your hands. And should that happen, we'd rather our hands be holding something other than our dicks. We operate under the premise that if you're prepared for zombies, you're prepared for anything.

*So if you want to head over to the Zombie Tools website and check out their weapons, tees and accessories, then do it now before you're too late...*
